

SHARED HOUSING EXPLORATION

HOUSEMATE SEARCH

HOUSING LOCATION

HOUSING STABILITY

Shared Housing Exploration
PT messages TP indicating they are interested in shared housing. TP ensures PT in HMIS.

StarRez Access
TP verifies PT in HMIS, completes HMIS SH Assessment, and provides StarRez access and info to PT.

Housing Navigation
If PT has HN, TP notifies HN. PT is active in SH. If no HN, PT assigned to SHN if caseload allows.

No HN Capacity
If HNs are at capacity, PT placed on HN priority list in order referred. Weekly updates provided to PT until capacity available. StarRez access is not impacted by HN capacity.

Housemate Match
PTs deciding to live together develop housing location plan. HNs can provide support if needed. PTs without HN provided housing location tools.

Housemate Agreement
PTs complete Housemate Agreement. HNs can provide support if needed. PTs without HN provided tool.

Housemate Meeting
If PT identifies potential housemate(s), PTs meet in-person to discuss dealbreakers using tools like Housemate Pairing Cards. HNs or TP staff can support scheduling if needed.

Housemate Pairing
If housemate(s) not already identified, PT completes StarRez profile and explores potential matches. HN, if assigned, can provide support as needed.

Housemate Re-Match
If PTs decide not to live together, they explore new matches in StarRez. HNs can provide support if needed.

Housemate Alignment
PTs with pre-identified housemates are encouraged to utilize tools like the Housemate Pairing Cards to help ensure they will live well together.

Unit Search
HNs notify TP or Housing Location Teams (e.g., LEAP) who work with PTs to identify units meeting their preferences. If no HN or if ineligible for HLTs, PTs provided with housing search tools.

New Unit Search
If PTs not in agreement on unit or property owner doesn't accept application, unit search begins again.

Move-In
Once unit located, if PTs agree to live in unit and property owner accepts application, the lease-up process is followed.

Housing Stability
Upon move-in, housing stability staff (HSS), if needed, support PTs to develop plan for maintaining housing.

Housemate Success
PTs are given access to living well with others tools and self-directed conflict management training. HSS regularly check-in with PTs.
